Determination			
<p>The applicant is sourcing from an MSC certified fishery and the scope of the client’s application with regard species/stock/area/vessel list and the MSC UoA match. The first vessel list provided in 2024 by the MarinTrust applicant contained 41 vessels that were not covered by the MSC certificate for this fishery, according to the vessel list that was available in MSC website dated 27th October 2023. The MSC’s CAB of this fishery and the MarinTrust applicant were contacted and the vessel lists from both were updated in June 2024. The MSC vessel list that was used in this final assessment dated from 18th June 2024. In this list “Danmarks Pelagiske Producentorganisation (DPPO) Axeltorv 3, 6. - 1609 København V” is mentioned, but its vessel list is not provided. The MarinTrust provided DPPO vessel list dated from 03-01-2024. The updated vessel lists from MSC’s CAB and the MarinTrust applicant match. Accordingly, the stock is APPROVED in line with MarinTrust Standard.</p>
